• Scholarships

We strive for every child to access camp regardless of financial status. Complete a scholarship form for aid, available on the website or at a local UB church. Approval by the Sponsorship Committee is required, with no guaranteed amount of assistance.

• Medical/ Dietary Needs

This is a rustic camp. We are not equipped to handle exceptional medical, behavioural, social needs, serious allergies, or exceptional dietary needs (including vegan diets). Campers are expected to eat from the camp menu unless specified for medical reasons. In this case, camp staff will reach out before camp to discuss dietary accommodations. We endeavour to have a registered nurse at all camps, in addition to a number of staff certified in First Aid. Please contact us through email to discuss if your child's medical or behavioural needs can be accommodated.

Be sure to connect with your church's UB Camp Rep. for more detailed information. We love sharing about UB Camp!
